## Introduction

These release notes accompany **mocha shape converter** V1.0.2. This release fixes one bug.

## New Features in mocha shape converter

This release contains a new feature:

- Launch **mocha AE** directly from After Effects by selecting footage from a project and selecting the "Track in mocha AE" option in the Animation menu.

## Fixed Issues

Issue:	DE1463: Track in mocha AE menu item only works with Footage items
Platform:	All
Bug Description:	Track in mocha AE only worked with Footage items, it did not work with Layer items in a Comp.
Issue:	DE1427: mocha AE CS6 should store its preferences in a different location to other versions of mocha AE
Platform:	All
Bug Description:	To avoid conflict in the preferences/registry between mocha AE CS6 and mocha AE versions available directly from Imagineer Systems, mocha AE CS6 now has its own unique identifier.

## Known Issues

Issue:	US666: Low performance on huge amount of input data.
Platform:	All
Bug Description:	When pasting a large amount of data, there may be a long pause before the keyframes appear.
Workaround	<b>No workaround</b>

## Hardware Requirements

A Windows or Mac system that meets the After Effects CS6 requirements.

## Software Requirements

Adobe After Effects CS6 on Mac OS X 64-bit Intel or Windows Vista/7 64-bit
